

Bottle holders

Lockable and non-locking

Description

Bottle holders for spas and hotels that free up space at wash basins, in bathrooms and showers

Customisable design

This product is customisable for different bottles, please contact us and we will be happy to help you.

Mounting

All bottle holders are delivered with or without holes for wall mounting with screws or glue.

Material and color

Powder coated stainless steel, made in Sweden.

Lockable bottle holder

The lockable bottle holder satisfies the need both for mounting and exposing your beauty products in an attractive and functional manner. The bottle holder provides maximum exposure for locked beauty products for the guests without signalling distrust.

Open bottle holder

The bottle simply clicks into place in the open bottle holder. It exposes beauty products with a minimalist style that puts focus on the product.
